

## Midnight Confetti

**To:** Ava  
**From:** Steve

Happy birthday, Ava! let's dance all night!

\*\*[Verse 1]\*\*

Lights up, you walk in, everybody finds their beat  
Shoes off, heels high, you're making magic out these streets  
Champagne in your hand, but you're already high on the sound  
Ava, you're the spark that's setting fire to this crowd

\*\*[Pre-Chorus]\*\*

Every Friday night's a movie  
Every memory's a groove  
And I know when I look for trouble  
You'll be dancing through

\*\*[Chorus]\*\*

Happy birthday, Ava, tonight's all for you  
Spin and a hair flip, you do what you do  
You light up the floor, yeah, you shine like the moon  
Here's to the friend who turns every room  
To a party — Ava, it's you  
Oh, Ava, it's you

\*\*[Verse 2]\*\*

Laughing in the backseat, playing our favorite Dua Lipa

Never need a reason, every night is getting deeper  
You bring the fun, you run the show, the queen of celebrate  
With every beat, you teach the world how to elevate

\*\*[Pre-Chorus]\*\*

Every playlist is your anthem  
Every night, we start brand new  
If I need to feel alive  
I know just what to do

\*\*[Chorus]\*\*

Happy birthday, Ava, tonight's all for you  
Spin and a hair flip, you do what you do  
You light up the floor, yeah, you shine like the moon  
Here's to the friend who turns every room  
To a party — Ava, it's you  
Oh, Ava, it's you

\*\*[Bridge]\*\*

So here's to the wild ones, the laugh-till-we-cry runs  
To dancing at sunrise, to never saying goodbye  
For all the times you pulled me up, never let me miss the fun  
Tonight, we're living loud, Ava, you're the only one

\*\*[Chorus]\*\*

Happy birthday, Ava, tonight's all for you  
Spin and a hair flip, you do what you do  
You light up the floor, yeah, you shine like the moon

Here's to the friend who turns every room  
To a party — Ava, it's you  
Oh, Ava, it's you

\*\*[Outro]\*\*

One more time, let's spin into the blue  
Happy birthday, Ava — the night belongs to you
